

Harassing Phone Calls & Phone Traps

When someone gets a harassing phone call, they are to immediately hang up and dial *57. They will get a message that the call was successful or not. If it was successful, they are to call the Mayodan Police Department. The caller must have the time & date of call. You can now call the "Call Trace Bureau" @ 1-877-451-1980. You will need the Name of the complainant, phone number, time and date of call. The Call Tracing Center will ask for you to Fax them a request for this information and they will fax back to you the information on trace. Fax number 1-913-315-0735

Sprint advised that *57 is about the same as a phone trap. But, if you want a phone trap put on that line , you will need to fax a copy of the Hold & Trace request form to Sprint. You will need to have it signed by complainant and by the police department.
